Advisors Networking for Student Success

This conference is an initiative of representatives from Western New York institutions of higher education
Uniting Across Campuses to explore and gain knowledge on innovative techniques to utilize in the advising profession.

December 20, 2001

Dear Colleague:

On behalf of the University at Buffalo Undergraduate Advisement Council (UAC), we are writing to invite you to attend our forth-annual conference: *Uniting Across Campuses...Advisors Communicating and Networking for Student Success*.

UAC is a campus wide council that brings together UB advisors from all disciplines, and we meet once a month to discuss critical issues related to our roles as advisors. In addition, we host a yearly advising conference for higher educational professionals across the Western New York area. While the planning of the 2002 conference is being chaired by UB advisors, it is very rewarding to have colleagues from Buffalo State College, Daemen, Medaille, Niagara County Community College and Niagara University also serve on the planning committee.

The *Advisors Communicating and Networking for Student Success* Conference consists of a keynote presentation that is being delivered by Dr. Mattai, respectively representing Buffalo State College. The afternoon portion of the conference will consist of panel presentations, and a team building exercise delivered by faculty and staff members from local colleges and universities.

The reverse side of this letter is a SAVE-THE-DATE flyer, highlighting the specific topics that will be addressed during the conference. Please mark your calendar now, as this is an event you will want to attend. If you have any questions regarding the conference, please contact the person identified on the SAVE-THE-DATE flyer. A formal letter of invite and registration materials will be forwarded in a few weeks.

We hope to see you on February 27, 2002!

Yours truly,

Leasa Rochester, Conference Co-Chair
